

# DOMINANT SEVEN

2012  
**RED BLEND**  
CALIFORNIA

*A wine that hits all the right notes.*

Like music, wine is a composition, bringing together different elements in search of balance and harmony. It takes skill and creativity to assemble all the right notes. Named for the strong, forceful tone of the dominant 7th chord used to great effect by the world's most gifted composers (think Beethoven and The Beatles), this wine is bold and brilliant, with flavors that resonate long after you've taken your last sip.

## TASTING NOTES:

From the moment you pour it into a glass, D7 Red really sings. It's smooth and supple, with velvety blackberry and bright cherry flavors that harmonize beautifully with notes of vanilla and mocha on the palate. Easygoing and approachable, with silky tannins and a plush finish, this red blend hums along like a favorite tune—one you'll want to enjoy over and over again. Don't be surprised to find D7 Red in heavy rotation on your playlist!

## VINEYARD & WINEMAKING:

The Three Thieves found inspiration for D7 Red all over California, choosing the best fruit from select vineyard sites in regions known to produce exceptional grapes. Fruit from the Central Coast, Lodi, the North Coast and Amador county were married together to create a melodious blend. Grapes from the warm inland climates brings backbone and strength, while fruit from the coast offer softer integrated fruit characteristics, with deep black cherry and berry flavors.
